Summary of CNCF Podcast Process

Script Template

- 1. Intro music jingle: 30- 60 seconds
- 2. CNCF Co-ordinator intro monologue: 30-60 seconds
- 3. Topic Introduction: 30-60 seconds
- Name, Title of Presenter
- Title of Podcast (should be a full citation of the Cochrane review)
- 4. Interlude (music break): 30 seconds
- 5. Evidence Summary (Informal and engaging discussion): 3minutes
- The question the review addressed
- <u>Type of Systematic Review</u> This requires a brief discussion about whether the review includes meta-analyses or a narrative summary. Example: This is a Cochrane Review containing a meta-analysis of 6 randomised controlled trials (RCTs)
- The quality of studies should be briefly described
- <u>Clinical Bottom Line/Clinical Relevance/Summary of Key Evidence</u> This should include a brief explanation of the topic/issue, and why it is clinically important to nurses, followed by a description of the intervention and primary outcomes measured and whether they proved statistical significance (stating the p values and confidence intervals and any other summary statistics such as Risk or Number Needed to Treat).
- <u>Best Practice Recommendations/Implications for Nursing</u> This should come from the authors' conclusions and should be a brief description about what the evidence recommends/suggests (e.g. is intervention X supported or not supported based on the results of the review?)
- <u>Research Recommendations</u> This should be a concluding statement about the gaps in existing evidence and if further research is needed.
- 6. Interlude (music or break): 30 seconds
- 7. Closing remarks (thank audience for listening, and encouraging them to look out for the next CNCF podcast alert): 60 seconds
- 8. Closing remarks about CNCF podcasts: 60 seconds
